# 壹、簡介 Introduction

國內各大學設有企業管理或相關管理學博士班者比比皆是,然而企業管理較著重於研究企業內部的改善,相關研究已有數十年的歷史。觀諸近年來企業經營日益艱困的原因,應不在於企業內部的品質、績效或是成本等問題,產業環境不佳才是最令人無法掌握;如何創建優質的產業環境、如何掌握產業脈動的資訊,才是下一階段企業經營者最大的挑戰。本系設立之「台灣產業策略發展博士班」,以「產業經營策略」、「產業創新與發展策略」及「產業國際化策略」三大領域進行課程設計,結合企業參訪、舉辦產業論壇與國際研討會,了解產業和國際脈動及趨勢,培養學生在產業策略發展方面的評估、診斷、分析、預測之能力。

This Ph. D. program follows our University's education guidelines: deeply cultivating Taiwan, moving toward globalization, and sustaining development. Besides, based on three specialties (professionalism, innovation, and erudition) of our College of Management, this program intends to construct a practical, innovative and globalized industry research center and become the leading academic institution of industry's strategic development and research. The goal of this program is to nurture interdisciplinary professionals with talents of international industry management and strategies.

Different from other academic-oriented Ph. D programs, our program focuses on practice-oriented trainings. Three industry curriculum guidelines are designed: business strategy, innovation and development strategy, and globalization strategy. Courses of business strategy include "Special Topic on Industrial Development in Taiwan," "Special Topic on corporate Strategy and Law," "Industrial Organization and Leadership," etc. Courses of innovation and development strategy pays special attention to "Development Strategy for Industry Innovation" in which graduate students have to visit various enterprises, to understand the current status of each industry, and to search for opportunities and find out crises, and to provide comments. Courses of globalization strategy are composed of "Global Competition Strategy," "Global Operation Strategy and Logistics," and "International Business and Management," etc.
